DIGITAL PHONES

Offering a feature-rich, ergonomic and customer-friendly design in a Digital Phone

Realize an increased use of IP technologies in the office while keeping your digital infrastructure

INFORMATION VISIBLE AT A GLANCE

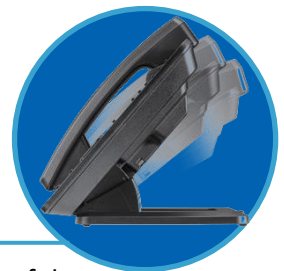

Vivid, easy-to-read LCD Displays make every detail more visible

A digital phone that incorporates a large LCD screen with a slim design. Flexible function keys with a self-labeling feature offer the most customization and flexibility for customers. The large LCD screen also helps to ensure correct operation and improves usability. The 480 x 272 pixel large color LCD screen on the KX-DT680 enhances visibility and provides a clear vision.

ALLOW FOR MAXIMUM USE OF PBX FUNCTIONS

Responding to the increased use of IP technologies in the offices of the future

KX-DT6 Series phones can be installed using the digital infrastructure currently in use. Adding the same Panasonic IP telephone features to the KX-DT6 Series system allows for an increased use of IP technologies in the office while keeping rewiring costs down.

THREE-STEP SCREEN ANGLE ADJUSTMENT

Providing three-step adjustment of the phone angle reduces glare for easier viewing.

SELF-LABELING

KX-DT6 Series phones support self-labeling of the flexible function keys, allowing for easy installation and maintenance.

KEY FEATURES & BENEFITS

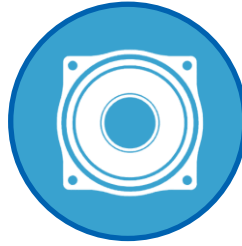

**LARGE BACKLIT
LCD DISPLAY**

Brilliant screens make information clear and easy-to-read

**SLIM AND
DURABLE DESIGN**

A smaller footprint takes up less desk space

**HIGH-QUALITY
FULL DUPLEX
SPEAKERPHONE**

Trusted clarity that is distinctively Panasonic

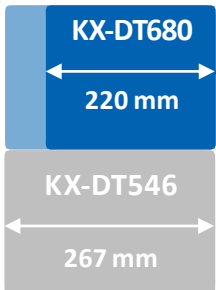

**ELECTRONIC HOOK
SWITCH (EHS)**

Handsfree operation increases workplace efficiency

**CUSTOMIZABLE
BACKGROUND**

Seamlessly integrate your corporate branding (KX-DT680)

**SMALLER, SLIMMER
AND EASIER TO INSTALL**

The slim design of KX-DT6 Series phones provides a new experience for the customer and its smaller footprint compared to the previous KX-DT5 model enables installation in more comfortable locations in the workplace.

**FEATURE-RICH,
USER-FRIENDLY DESIGN**

Both models deliver superior voice quality with a full-duplex, hands-free speakerphone. Both models also come with an Electronic Hook Switch (EHS) built-in, which allows a range of wired & wireless headsets to be used.
